University Curriculum Committee Minutes  
December 1, 2009

Members Present:  Dr. Pat McHenry, Interim Dean Gary Wortley, Dr. Kristen Hansen, Dean Linda Hadley, Dr. Ellen Roberts (chair), Dr. Stuart Rayfield, Ms. Roberta Ford (ex officio), Mr. John Brown (ex officio), and Dr. Carl Wallman (ex officio).

Members Absent:  Interim Dean Glenn Stokes, Dr. Maurice Shalishali, Dean David Rock, Dr. Joyce Hickson (ex officio), Ms Nicole de Vries (ex officio), and Ms. Susan Lovell (ex officio)

Dr. Roberts called the meeting to order at 3:00 p.m. and then announced that per an e-mail message sent earlier today by Dr. Levi, all curricular matters pertaining to graduate programs will be presented to the Graduate Council for review. Therefore, all proposals for graduate programs and courses proposed for today’s meeting will not be considered by the University Curriculum Committee. A question was raised about the procedure for considering 5000-level U/G courses. Dr. Wallman agreed to discuss this with Dr. Levi and suggest that these courses first be reviewed by the UCC before being presented to the Graduate Council for Review.

I. Consideration of the minutes of November 3, 2009

The minutes of the November 3, 2009 meeting were not available for review.

II. College/Unit Proposals and Information

College of Letters and Sciences

Dr. McHenry presented the following proposals for consideration:

Department of Chemistry

A new Forensic Track and revision of the Applied and Professional Tracks in the BS in Chemistry major as well as a revision to the BA in Chemistry were proposed (Attachment A). After discussion regarding the placement of 3000-level courses in Area F, the proposals were tabled with the understanding that revised proposals would be presented at the January, 2010 meeting.

Procedures for seeking approval for CERTIFICATE PROGRAMS
Board of Regents of the
University System of Georgia

Certificate Proposal Form

Institution: Columbus State University
Name of Proposed Certificate: Professional Writing
CIP Code: CER0
Certificate Acronym: CER0
Number of Credit Hours of Core Curriculum Courses: 6
Total Credit Hours of Certificate: 18
Starting Date: Fall 2010

1. Briefly describe the certificate program. List the course requirements for the certificate, including all prerequisites. Clearly distinguish between existing courses and newly developed courses. Will learning support course work be required? Specify the admission/placement requirements for entry into the certificate program.

The Professional Writing program at CSU is dedicated to preparing students for careers in businesses, governmental agencies, and other institutions as writers, editors, and document and online designers. Graduates work in journalism, advertising, public relations, technical and scientific endeavors, and for almost any profit and nonprofit enterprise that requires the expert communications skill of a professional writer.

The proposed certificate will allow non-degree seeking students access to a core of Professional Writing courses. We expect many certificate students to have already completed a bachelor's degree but wish to acquire the skills and knowledge offered by the program to enhance their job opportunities.

Students must complete eighteen credits from these courses: ENGL 3155 or ENGL 3*** (Feature Writing, new course), ENGL 3156, ENGL 3158, ENGL 3159, ENGL 3176, ENGL 3*** (Digital Rhetoric and Web Site Design, new course), ENGL 3*** (Writing, Communities, and New Media, new course), ENGL 5000 (Professional Writing Portfolio, no credit), ENGL 5149 Grant Writing, ENGL 5153 or ENGL 5155, and ENGL 5167. ENGL 3176 and ENGL 5167 are required. The curriculum will end with ENGL 5000, a portfolio the student must successfully complete in order to receive the certificate. Students must complete ENGL 1101 and ENGL 1102 or their equivalents before being admitted to the program. For more information contact the Department of English.

Note that the new courses are not being developed for this program per se, but for the existing
Professional Writing program and for the new Mass Media track in the BA Communication.

Learning support coursework will not be required.

2. Is the certificate program consistent with the mission of the institution?

This certificate is consistent with the university Mission Statement in that it will help foster academic excellence and build partnerships with organizations and institutions in the Columbus area. It will expand educational opportunities throughout the region (Strategic Planning Goal 1.4), aid in student recruitment (Goal 2), assist workforce development in the Columbus area (Goal 3.3), and encourage, enhance, and expand university-community partnerships (Goal 3.4).

3. Provide evidence of the need for and interest in this certificate program. Estimate the number of students who will complete this certificate annually. Briefly explain the method used to estimate this number.

We expect considerable interest in the program through Ft. Benning, which is bringing as many as 20,000 new people to the area in the coming months as a result of Base Realignment and Closure (BRAC). Our meeting with personnel on post revealed that the Armor School and other new Ft. Benning activities will generate the need for training manuals, technical manuals, and other documents for internal and external audiences. These documents will be written both by active duty personnel and by government contractors. Individuals with professional writing skills would make attractive candidates for these jobs. These soldiers and contractors, often college graduates, may wish to improve their writing skills and collect a credential that will be valuable for their careers. We expect similar interest among employees and potential employees of local corporations, including AFLAC, TSYS, Synovus, Kia, NCR, and others. A third source of interest is undergraduates who would rather earn a certificate than a minor.

Our initial estimate is approximately seven students who would earn the certificate annually. This figure could rise rapidly once the certificate program becomes well known in the Columbus community. The BA English Professional Writing track currently has 53 declared majors.

4. Estimate the annual cost of the certificate program and indicate the percentages from reallocation, student fees, grants, and outside dollars.

All certificate courses are offered in the existing BA English Professional Writing program. We expect our current schedule of courses to absorb the new certificate students for the immediate future.

5. Are there any special facilities needs to support the certificate program?

Certificate students will use existing facilities. A Professional Writing computer lab equipped with new Macintosh computers and software already serves the BA program.

6. If other postsecondary institutions offer similar programs in your service area, how will the proposed program affect them? How will it affect your program? Do you plan a collaborative arrangement with another institution or entity?

There are no other similar postsecondary programs in the service area.

7. If admission requirements are not the same as those for entry into degree programs, how will you ensure that students are not enrolling in this certificate program as a way of circumventing admission requirements and HOPE?
8. Has this certificate program met the institution’s criteria for approval of certificates and been reviewed and approved by faculty committee(s) responsible for the curriculum?

9. Please include any other information you want considered.
